A Century of Help and Hope

This year marks a momentous occasion for Catholic Charities as we celebrate our centennial anniversary. For a century, we have worked diligently to provide a well-rounded circle of care to all who come to us in need of help. This is no small feat. Through these last one hundred years, Catholic Charities has grown and evolved to meet the ever-changing needs of those we serve.

This past year has been a busy one. We fed, sheltered and welcomed more people than in past years, serving more than 35,000 individuals across all program areas. I am confident Catholic Charities will continue to respond to the unique needs of our clients with a holistic, compassionate approach to set them up for individual success. It certainly is an exciting time at Catholic Charities.

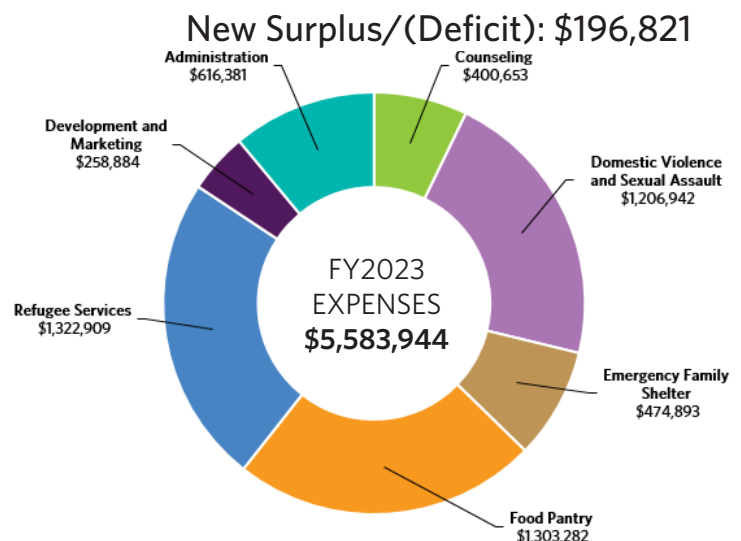

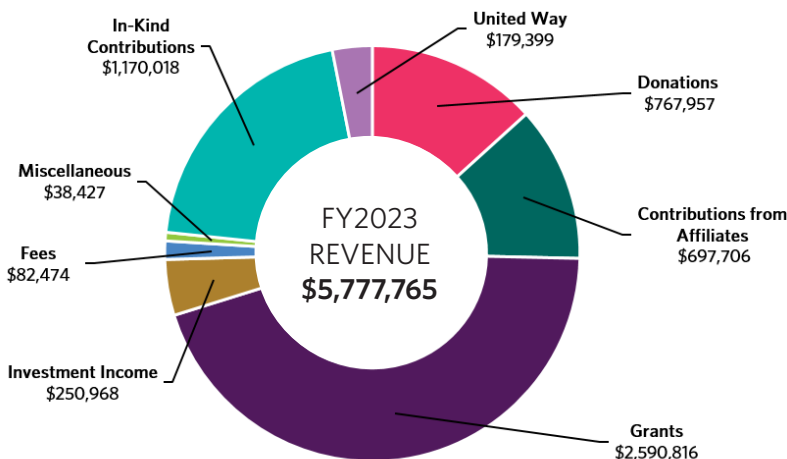

Over the past five years, I have appreciated the many interactions and experiences in service to others as we *Empower Individuals and Strengthen Families*. I am grateful to be able to lead this passionate team filled with individuals who go above and beyond to care for others. I am inspired that Catholic Charities will continue this legacy of excellence into the next century.
